**Editorial**

1 Integrating women into ground close combat roles: an opportunity to reflect on universal paradigms of arduous training

K E Friedl, R M Gifford

**Original research**

3 Inclusion of women into ground close combat roles: an organisational change perspective

J Harvey

9 Hormonal contraceptive use, bone density and biochemical markers of bone metabolism in British Army recruits

C V Ciomb, T J O’Leary, J C Y Tang, W D Fraser, J P Greeves

17 A fit and function analysis of the UK OSPREY body armour system for female users

J L Davis, E Lewis, J R Ellett

23 Hormonal contraceptive prescriptions in the UK Armed Forces

R L Double, S L Wardle, T J O’Leary, N Weaden, G Bailey, J P Greeves

27 Compliance compromises an interventional study on iron supplementation in female combatants

S G Gafri, S Ohayon-Cohen, A M Tsir, V Rabkin, M Michael Shapiro, A S Finestone

37 Women in combat roles: themes characterising adjustment in the Israel Defense Force—a pilot study

N Berezin Cohen, I Netzer

51 Influence of smoking status on acute biomarker responses to successive days of arduous military training

A G Siddali, K A Stokes, D Thompson, R Izard, J Greeves, J L J Bilzon

57 Understanding the musculoskeletal injury risk of women in combat: the effect of infantry training and sex on musculoskeletal injury incidence during British Army basic training

T J O’Leary, S L Wardle, A J Rawcliffe, S Chapman, J Mole, J P Greeves

62 Effect of sex and combat employment on musculoskeletal injuries and medical downgrading in trained military personnel: an observational cohort study

S L Wardle, T J O’Leary, S Jackson, J P Greeves

69 Using CT scans to determine the optimal sizes of hard armour plates to protect the torso for UK female Armed Forces personnel

J Breeze, R N Fryer, D Bowley, I Gibb, E Lewis

**Personal views**

75 Sex, gender or occupational psychology: what matters most to preventing heat-related illnesses and improving outcomes for women in ground close combat?

R M Gifford, N Taylor, M Stacey, D R Woods

78 Integrating women into combat roles: comparing the UK Armed Forces and Israeli Defense Forces to understand where lessons can be learnt

A Fieldhouse, T J O’Leary

81 Correction: Using CT scans to determine the optimal sizes of hard armour plates to protect the torso for UK female Armed Forces personnel
