The Government of India has forwarded the following list of Officers, whose names have been brought to notice by Lieut.-Gen. Sir A. A. Barrett, K.C.B., K.C.S.I., K.C.V.O., for valuable services rendered during the operations against the Mahsuds, March—August, 1917:

**MEDICAL SERVICES.**

Lieut.-Col. L. Addams-Williams, Royal Army Medical Corps.

Lieut.-Col. P. H. Faulkner, Royal Army Medical Corps.

Capt. J. M. Weddell, Royal Army Medical Corps.

**WAR OFFICE, May 20, 1918.**

The following despatch has been received by the Secretary of State for War from Field-Marshall Sir Douglas Haig, K.T., G.C.B., G.C.V.O., K.C.I.E., Commander-in-Chief of the British Armies in France:

General Headquarters, April 7, 1918.

My Lord,—I have the honour to submit the names of the Officers, serving, or who have served, under my command during the period September 25, 1917, to midnight, February 24/25, 1918, whose distinguished and gallant services and devotion to duty I consider deserving of special mention.

I have the honour to be, my Lord,

Your obedient Servant,

D. Haig, Commander-in-Chief

The British Armies in France.

**STAFF.**

Major and Brevet Lieut.-Col. E. Ryan, D.S.O., Royal Army Medical Corps.

War Office, May 13, 1918.

His Majesty the King has been graciously pleased to approve of the following awards to the undermentioned Officers, in recognition of their gallantry and devotion to duty in the Field:

**AWARDED THE MILITARY CROSS.**

For conspicuous gallantry and devotion to duty when a camp and some billets were heavily shelled by the enemy. He at once went to the rescue of some men who had been buried in the ruins of a house, and rendered first-aid. He then organized bearer parties from among his men, and brought in four severely wounded men from the camp. By his disregard of danger, quick decision, and good leadership, he set a splendid example to his men, and rendered valuable assistance to the wounded in the absence of a medical officer.
Temp. Capt. Henry Drummond Robb, Royal Army Medical Corps.

For conspicuous gallantry and devotion to duty. On his camp and its vicinity being heavily shelled he was compelled to conduct his sick parade along the roads which were at the time under heavy shell fire. He succeeded in leading his wounded cases safely under cover, and later remained behind to attend to the men of a neighbouring unit, which had also suffered some casualties as a result of the intense shelling. His courage and devotion to duty were of the highest order.

Temp. Capt. Samuel Rutherford, Royal Army Medical Corps.

For conspicuous gallantry and devotion to duty. During a period of sixteen hours he tended the wounded in the front trenches without ceasing. Throughout this period he was exposed to heavy shell fire, and for some considerable time the enemy were within a short distance of the aid post. His coolness and presence of mind inspired all ranks with the utmost confidence.

War Office,
June 30, 1918.

His Majesty the King has been graciously pleased to approve of the following Awards to the undermentioned Officers and Warrant Officers, in recognition of their gallantry and devotion to duty in the Field:—
AWARDED THE DISTINGUISHED SERVICE ORDER.

Capt. (Acting Lieut.-Col.) Robert Bernard Price, M.B., Royal Army Medical Corps.

For conspicuous gallantry and devotion to duty. Prior to the division going into action he took over the duties of Assistant Director of Medical Services at half an hour's notice. When on one occasion all casualty clearing stations in the neighbourhood of the division were withdrawn, his improvisation on the previous night of an emergency casualty clearing station further to the rear proved of such inestimable value, that a large number of casualties were able to be dealt with and all the wounded evacuated with the utmost dispatch. Owing to the resource, forethought and exceptional powers of organization, the smooth and successful evacuation of all the wounded was carried out during the period of twelve days' heavy and continuous fighting in which the division was engaged.

AWARDED A BAR TO THE MILITARY CROSS.

Capt. John Henry Pearson Fraser, M.C., M.B., Royal Army Medical Corps.

For conspicuous gallantry and devotion to duty. During the evacuation of a town he was in charge of a train loaded with stores and equipment. While the train was standing in the station without an engine it was heavily bombed by enemy aeroplanes. With bombs falling all round he secured an engine which had just backed into the station and coupled it to the train. He then collected a few men and cleared the permanent way of masses of debris caused by the bombs, and eventually got the train safely away under continual bombing by enemy aeroplanes. By his courage, determination and resource in a most difficult situation he succeeded in saving the whole trainload of equipment. (M.C. gazetted February 4, 1918.)

Temp. Capt. Frederick Theophilus Hill, M.C., Royal Army Medical Corps.

For conspicuous gallantry and devotion to duty. Several hundred casualties of all branches of the service were passed through his unit during the day, and were evacuated promptly, thanks to his zeal, energy and efficient organization. When the enemy were advancing his unit was the last to leave the neighbourhood, and finally withdrew, when ordered to do so, and when every case had been evacuated, to join the division. He displayed outstanding devotion to duty. (M.C. gazetted June 28, 1916.)

Capt. (Acting Major) Herbert Stewart Milne, M.C., M.D., Royal Army Medical Corps.

For conspicuous gallantry and devotion to duty, when in charge of an advanced dressing station. In spite of continuous shelling he dressed and superintended the evacuation of the wounded during three days' operations with great success. When a shell fell among a party of men, killing three and wounding fourteen of them, he succeeded in dressing the more severely wounded and getting them all removed to a place of safety before the next burst of fire fell in the same spot. By his courage and resource he undoubtedly saved a further loss of life. (M.C. gazetted June 3, 1918.)

Temp. Capt. Matthew Arnold Swan, M.C., Royal Army Medical Corps.

For conspicuous gallantry and devotion to duty. When the majority of his stretcher bearers had become casualties and his advance post had received two direct hits from shells he stayed at his post, dressed the wounded and supervised their evacuation. On many other occasions he showed the greatest courage, coolness and initiative, and his conduct has at all times been exemplary. (M.C. gazetted June 8, 1916.)

AWARDED THE MILITARY CROSS.

Temp. Capt. Warren Fullerton Clark, M.B., Royal Army Medical Corps.

For conspicuous gallantry and devotion to duty. Whilst the battery was being heavily shelled two men were badly wounded. He at once proceeded out into the open, attended to these men under the most intense shell fire, carried them into a trench, and remained with them until an ambulance arrived. He showed magnificent coolness and an utter disregard of danger.

For conspicuous gallantry and devotion to duty. He attended to the wounded under heavy fire during an enemy attack. His skilful organization of stretcher bearers and his coolness and determination in a most difficult situation resulted in the saving of many lives.

Capt. John Francis Hill, M.B., Royal Army Medical Corps (Special Reserve).

For conspicuous gallantry and devotion to duty. He worked throughout the day under incessant shell fire, attending to the wounded during an enemy attack. Owing to his coolness and skill in a most difficult situation, many lives were saved.

Temp. Capt. Andrew Ferguson Horn, M.B., Royal Army Medical Corps.

For conspicuous gallantry and devotion to duty. He led his bearers forward to the front line during a heavy enemy attack and brought back many severely wounded men through the enemy's barrage. Throughout the operations he displayed splendid coolness and courage under heavy fire.
Qmr. and Hon. Capt. Robert Daniel Matthews, Royal Army Medical Corps.

For conspicuous gallantry and devotion to duty. On hearing that two Sisters were lying injured on the adjacent railway station, he took over dressings and attended to them and other wounded while a hostile bombing raid was in progress. He brought back all the wounded to the hospital, and later worked continuously in a burning ammunition train at great risk from exploding shells, attending to the wounded and arranging for their comfort. His gallantry and coolness were deserving of the highest praise.

No. 16216 Serjt. Major John William Robinson, Royal Army Medical Corps.

For conspicuous gallantry and devotion to duty. Throughout two days he worked unceasingly, organizing and directing parties of stretcher bearers, visiting the advanced aid posts and supervising the work of the advanced dressing station, which was continuously shelled. Later, his marked organizing ability was made use of in the establishment of a new divisional collecting station to meet the emergency created by the absence of any clearing station within a short distance, and, thanks to his skill, resource and uniring energy, several hundred wounded cases were very rapidly evacuated in comparative comfort. His courage, endurance and devotion to duty during a period of ten days' fighting have been an inspiration to all ranks.

The following is the correct description of an Officer upon whom a Reward has recently been conferred:—

Temp. Capt. Alfred James Ireland, M.C., M.B., Royal Army Medical Corps. (M.C. gazetted August 25, 1917.)

War Office, June 17, 1918.

His Majesty the King has been graciously pleased to approve of the award of the Meritorious Service Medal to the undermentioned Warrant Officers, Non-commissioned Officers and Men, in recognition of valuable services rendered with the Forces in France during the present war:

June 26, 1918.

His Majesty the King has been pleased to award the Distinguished Conduct Medal to the undermentioned for Gallantry and Distinguished Service in the Field:—

No. 1826 Pte. M. Connolly, Royal Army Medical Corps (Dublin).

For conspicuous gallantry and devotion to duty. On an advanced aid post being subjected to a prolonged bombardment, during which period two direct hits from enemy shells were registered on it, he stayed at his post, and wherever casualties occurred he went out to bring in the wounded, rescuing six men in such a manner. Throughout this period he afforded magnificent proof of utter contempt for danger and outstanding devotion to duty.

No. 49830 Pte. R. B. McCoy, Royal Army Medical Corps (Maidstone).

For conspicuous gallantry and devotion to duty when the aerodrome of the squadron to which he was attached was attacked by enemy aircraft. He was badly wounded in the thigh by the first bomb that fell, and though he could only walk with great difficulty, he struggled towards the other casualties and attended to them while bombs were still dropping and the enemy aeroplanes were attacking the aerodrome with machine-gun fire. His splendid courage and self-sacrifice saved the life of a man who would have died had he not been attended to immediately.

June 27, 1918.

His Majesty the King has been graciously pleased to approve of the award of a Bar to the Military Medal to the undermentioned:—

No. 228 Serjt. (Acting Staff-Serjt.) W. Peake, M.M., Royal Army Medical Corps (Layerthorpe). (M.M. gazetted April 10, 1918.)

His Majesty the King has been graciously pleased to approve of the award of the Military Medal to the undermentioned Non-commissioned Officers and Men:—
ROYAL ARMY MEDICAL CORPS Fund.

PROCEEDINGS of a Committee meeting held at the Royal Army Medical College, Grosvenor Road, on Monday, June 10, 1918, at 2 p.m., the Director-General, Army Medical Service (Lieut-Gen. T. H. J. C. Goodwin, C.B., C.M.G., D.S.O., K.H.S.), presiding.

Present,

Major-Gen. Sir W. Donovan, K.C.B.
Surg.-Gen. Sir D. Bruce, K.C.B.
Col. Sir J. Magill, K.C.B.
Lieut-Col. A. B. Costell.
Major E. P. Offord.

(1) The minutes of the last meeting were read and confirmed.

(2) The question as to whether the education of children shall be undertaken by the General Relief Branch when the Compassionate School Fund is exhausted was considered, and it was decided to recommend to the Annual General Meeting that the principle should be approved, subject of course to the financial condition of the Fund at any time.

(3) The draft of proposed book of rules as recommended by the sub-committee was considered and adopted with certain minor amendments, and it was decided to recommend to the Annual General Meeting that it shall be adopted and printed at a cost not exceeding £10.

(4) The report of the memorials sub-committee was received, and after discussion it was decided to recommend to the Annual General Meeting—

i) That a suitable memorial with portrait medallions of officers who were mainly concerned in the movement that led to the unification of the Army Medical Department and to the formation of the Royal Army Medical College at a cost not exceeding £500.

ii) That a special portrait of Lieut.-Gen. Sir A. Keogh, wearing the Insignia of the Grand Cross of the Bath, should be painted, and

(5) Two applications for assistance from the General Relief Branch were considered and grants approved. In the case of one there is a possibility of the pension being increased the amount not to exceed £1 a month up to a maximum of £6.

The sixteenth Annual General Meeting of the Royal Army Medical Corps Fund was held in the library of the Royal Army Medical College on Monday, June 10, 1918, the Director-General (Lieut-Gen. T. H. J. C. Goodwin, C.B., C.M.G., D.S.O., K.H.S.) presiding.

(1) The report of the Committee was read and adopted as follows—

i) The number of annual subscribers has diminished from 984 in 1916 to 894 in 1917; a considerable number of the young officers who were granted permanent commissions last year have joined in response to a circular letter which was sent out in August, and no doubt others will subscribe at the termination of the war. The Fund has sustained heavy losses by death.

ii) The accounts of the Fund have been separated into two branches, viz., Officers' Branch for band dinner and memorials, and General Relief Branch, which includes the small amount still remaining which was originally allocated specially for the education of children.

April 30, 1918.
(iii) Officers Branch.—The income amounted to £1,267 16s., and as the expenditure continues to be small owing to the War, £850 has been invested in War Loan, 1915, 5 per cent., making a total now held by the branch in that security of £2,300.

(iv) Dinner.—There was no dinner last year and no expenditure on memorials.

(v) Bond.—A grant of £100 has been made to the band.

(vi) General Relief Branch.—Grants and subscriptions to the amount of £1,494 10s. 9d. were received from companies and units abroad and as the applications for assistance were few in number a further sum of £1,100 has been invested in War Loan 5 per cent and National War Bonds. The annual subscriptions to the Union Jack Club and other societies are met by this branch.

(vii) Compassionate School Fund.—Grants have been made to the Royal Soldiers' Daughters' Home at Hampstead, the Drummond Institute in Ireland and the Catholic Home for Destitute Children, at each of which we have children being educated, and the sum of £198 remains. This will be sufficient to complete the education of the children now at school.

(viii) The Committee record with deep regret the death of Lieut.-Col. F. W. H. Davie Harris who had been secretary of the Society for more than eleven years and to whose unfailing efforts in the interests of the Fund much of its success is undoubtedly due.

(ix) The accounts for the year 1917 which have been audited were considered and approved.

A copy is attached to the Proceedings.

(6) The question of voting a grant from the Officers Branch to the General Relief Fund was discussed, and it was proposed by Col. C. R. Tyrrell, and seconded by Lieut.-Gen. A. T. Sloggett, that a sum of £25 be authorised. Carried.

(7) The principle as to whether the education of children shall be undertaken by the General Relief Branch when the sum of money still remaining in the Compassionate School Fund is exhausted was discussed. It was explained by the secretary that this Fund originated in a sum of nearly £1,400 subscribed by No. 6 General Hospital during the South African War and limited at the request of Col. Somerville Large, who was then in command, to the education of children. This amount is nearly exhausted and it is a question whether when it has been expended the education of children will subsequently be taken over by the General Relief Fund.

After discussion it was proposed by Gen. Sir W. Donovan and seconded by Gen. Sir M. Russell, and carried, that the principle be approved that the education of children shall be taken over by the General Relief Fund when the sum belonging to the Compassionate School Fund is exhausted, subject to the financial position of the Fund at any future time.

(5) The proposed book of rules which has been circulated was approved with certain minor alterations to be adopted and printed, the cost not to exceed £10.

(8) Memorials.—The recommendation of the Committee as regards memorials to distinguished officers was considered and adopted as follows:—

(i) That a suitable memorial with portrait medallions of officers who were mainly concerned in the movement that led to the unification of the Army Medical Department and to the formation of the Royal Army Medical Corps be erected in the Royal Army Medical College at a cost not exceeding £500.

(ii) That a portrait of Lieut.-Gen. Sir A. Keogh, wearing the Insignia of the Grand Cross of the Bath, should be painted, and

As regards the portraits, as there is at the present time great uncertainty as to the cost, the Committee are requested to furnish a further report before the matter is finally sanctioned.

(7) Auditors.—It was proposed by Sir D. Bruce and seconded by Sir W. Donovan that Messrs. Evans, Peirson and Co. be reappointed for the present year.

(8) A letter was read from Mr. V. G. M. Holt recommending that the £1,000 6 per cent. Exchequer Bonds, 1920, standing in the names of the trustees on account of the General Relief Branch should be sold and the proceeds invested in 5 per cent National War Bonds, 1928, and the difference resulting from the transaction added to the present holding of the Fund. It was 'Resolved that Messrs. Holt and Co. be instructed to sell £1,000 6 per cent. Exchequer Bonds, 1920, held on account of the General Relief Fund, and to take up £1,300 5 per cent. National War Bonds, 1928, to be invested in the names of the trustees. Also that the Director-General be authorized to sign the Resolution on behalf of the Fund.'

(9) The secretary reported that a sum of £28 18s. 6d. had been received as a Debate of Income Tax for the General Relief Branch for the year 1917. Carried.

E. M. WILSON, Lieut.-Col., Secretary.

ARMY MEDICAL OFFICERS' WIDOWS AND ORPHANS FUND.

SUMMARY OF THE PROCEEDINGS OF THE ONE HUNDRED AND THIRD ANNUAL GENERAL MEETING, WHICH WAS HELD AT THE ROYAL ARMY MEDICAL COLLEGE ON MAY 13, 1918.

Present:
Deputy Surg.-Gen. W. G. Don, Vice-President, in the Chair.
Major-Gen. J. J. Gerrard, C.B.
Col. W. T. Martin.
Col. Sir W. B. Leishman, K.C.M.G., C.B., F.R.S., K.H.P.
Lieut.-Col. J. S. Stephenson (a Trustee).
Lieut.-Col. J. More Reid.
Lieut.-Col. G. S. Mansfield.

Letters regretting their inability to attend were read from Surg.-Gen. W. S. M. Price, and from Lieut.-Col. P. S. O'Reilly.

1. The Minutes of the previous Annual General Meeting were read and confirmed.
2. The Accounts and Report for the year 1917 were examined and adopted unanimously.
3. Messrs. Deloitte and Co. were re-appointed Auditors for the current year.
4. The election by the Committee, under Rule XXVI, of Surg.-Gen. Sir H. R. Whitehead, K.C.B., as a member thereof in place of Lieut.-Col. R. J. L. Faye, D.S.O., resigned, was confirmed.

Major-Gen. J. J. Gerrard, C.B., was elected a member of the Committee for the coming three years in the place of Col. Sir W. H. Horrocks, K.C.M.G., C.B., who retires at the expiration of his period of office.

The Meeting expressed much regret at the death of the late Mr. H. W. Andrews, F.I.A., Consulting Actuary to the Society. (A resolution of condolence had already been sent by the Committee to his widow.)

Sir Michael Russell advocated the reduction, or abolition, of the present extra War charge. Under the Rules the Committee must be guided in this matter by the advice of the Actuary.

NOTICE.

This Fund provides annuities of £50 a year during widowhood, to the widow of the marriage, during which the subscription of a married member began. In the event of the death of the widow this annuity is continued to the children of such marriage until the youngest attain the age of 21 years. It also continues for their benefit, up to the same age, if the widow re-marries. Furthermore, should the wife of the subscriber predecease him, it will be optional for him to continue the subscription he had been paying as a married member, in order to provide an annuity similar to the above for the children of the marriage, until the youngest shall have attained the age of 21 years.

Provision is also made whereby a part of the surplus at any quinquennial valuation may be applied for the benefit of members, or their wives, or orphan children. Thus, by the appropriations of surplus at the valuations of December 31, 1910 and 1915, the prospective widows of first-class married members on the books at those dates, will receive, during this current quinquennium, £200 and £100 respectively at the death of their husbands, their annuities being also increased to the statutory limit of £52.

Examples of the rates of annual subscription are:

The present extra War charge, which is subject to revision, is 26 guineas per annum, in addition to the normal annual subscription according to scale. Only Regular officers are eligible for membership.

Unmarried officers may become members by paying £2 yearly, and can thus reduce the rate of their subscriptions when married.

The Secretary will be glad to give any further information as to details.

ROYAL ARMY MEDICAL CORPS CENTRAL MESS FUND.

SUMMARY OF PROCEEDINGS OF A MEETING OF COMMITTEE HELD AT THE ROYAL ARMY MEDICAL COLLEGE ON APRIL 29, 1918.

Present:
Lieut.-Col. D. Harvey, C.M.G., representing London, in the Chair.
Major W. A. Ward, representing Aldershot.
Capt. H. S. Dickson, representing Woolwich.

(1) The Minutes of the Meeting of November 14, 1917, were read and confirmed.
(2) The Accounts and Report for the year 1917-18 were examined and adopted unanimously.
(3) A letter was considered from Mess President, Depot, Royal Army Medical Corps, Blackpool, stating that a Mess was to be opened in Blackpool, with a branch in camp at Squires Gate during the summer, and asking for a grant of £50 in aid of formation expenses.
(4) The question was considered of continuing the grant to the Aldershot Mess for maintenance purposes. Major Ward said the number of dining members had not increased since the original grant was made, a year ago, and that the funds available were quite inadequate for the maintenance of the Mess, apart from the help given by the Central Fund. The furniture, etc., of this Mess belongs to it and is not repairable by Government. The Committee considered that it was most desirable that the Mess property be kept in proper order and sanctioned a grant of £5 a month, payable by quarterly instalments in advance, for the year beginning April 1, 1918.
(5) The Hon. Secretary of the Aldershot Mess reported that, at present, there were sufficient means available for helping Mrs. Stacey, widow of the late Mess waiter, Mr. George Stacey.
(6) The Hon. Secretary of the London Mess stated that as regards the collection of heads which Lieut.-Col Sir J. S. Rogers had presented to that Mess there was no present opportunity of their being brought from Egypt.
(7) The Hon. Secretary having reported that there would probably be some surplus cash available for investment, it was resolved that the Chairman and Honorary Secretary be empowered to invest any available cash surplus, over and above the necessary balance at the bank, in either five per cent National War Bonds, five per cent National War Loan 1924/47 and in any new loan which may be issued, as may be considered most desirable by Messrs. Holt and Co. The Bonds to be held, as before, by Messrs. Holt and Co. on behalf of the Fund.
(8) Payment of the audit fee to Mr. E. T. Gann was sanctioned.

J. T. CLAPHAM,
Hon. Secretary.

MEMORIAL TO LIEUT.-COL. H. MOORE, D.S.O., M.C., ROYAL ARMY MEDICAL CORPS.

A number of the friends and pupils of the late Lieut.-Col. Henry Moore, M.C., D.S.O., Royal Army Medical Corps, have decided to raise a Fund to perpetuate his memory by providing a bed under his name in the Royal City of Dublin Hospital, where he spent the greater part of his professional life as student, house surgeon, and visiting surgeon. Those willing to assist kindly communicate with Mr. G. Jameson Johnson at the hospital.
ROYAL ARMY MEDICAL CORPS COMFORTS AND PRISONERS' OF WAR FUND.

(Official Care Committee recognized by the War Office for the Royal Army Medical Corps.)

The following is a second list of contributions from companies and units at home and abroad to the Prisoners of War Fund received up to the end of April, 1918. It is hoped to publish further lists at an early date.

Information has recently been received that a large number of British Prisoners of War arrived at a certain camp all wounded, but the narrator adds that thanks to parcels from home, however, they were well fed and not forced like other prisoners to live on horse-chestnut soup and almost inedible bread.

This news, coming as it does from an independent source, gives us good hope that the parcels for all branches of the British Army, including the Royal Army Medical Corps, are regularly received, and this is borne out by the letters coming to the Ladies' Committees from the men themselves and from their relatives.
